NATURE FAMILY
RESORT**

ONE STEP
INTO
NATURE

**Welcome to the Feuerstein Nature
Family Resort, a very special place
of power for families.**

At the end of the Pflerschtal valley in South Tyrol, everyday life fades away and relaxation sets in. Here, in the midst of unspoilt nature, you can truly be with yourself and your loved ones. Surrounded by impressive peaks, dense forests and picturesque waterfalls, our unique 5-star family hotel brings everyone closer together, into a world of shared memories.

In a secluded location beneath the glistening mountain called Tribulaun, the Feuerstein ensures an exceptional family time together with a carefree holiday package. Take a deep breath and sense the power of nature, which can be experienced in every corner while enjoying the soothing warmth and crystal-clear view of the outdoors.

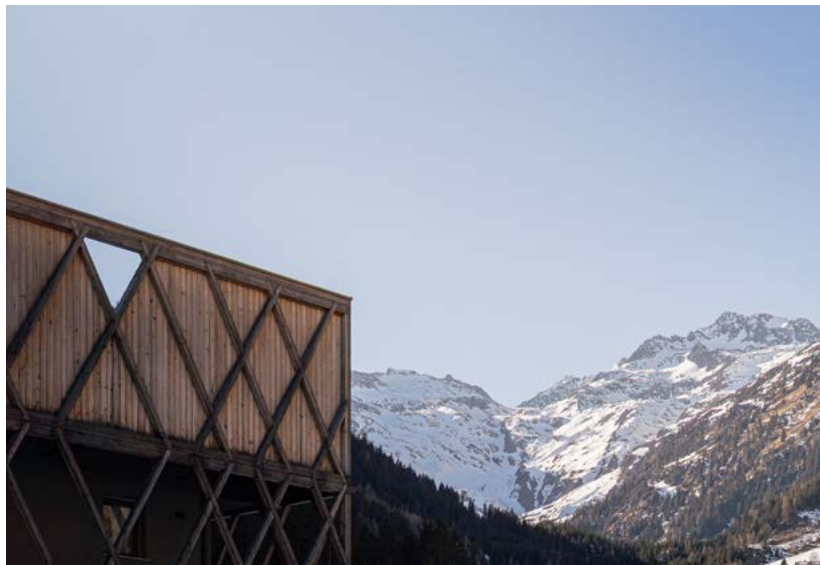

Check-in and unwind. We attach great importance to individual development. Whether it's sharing time together or enjoying some relaxing moments for yourself – there are endless possibilities to suit the whole family. Our focus is on creating a unique atmosphere of well-being and relaxation for everyone, starting from the youngest ones and up to parents and grandparents.

Everything's possible, nothing's a must. The Feuerstein is a place where families can embrace and shine in their individuality. A place where everyone is free to be themselves.

Being one with nature. As part of the impressive landscape, the Feuerstein blends harmoniously into the valley head beneath the two homonymous peaks and the Tribulaun mountain.

Host and owner Peter Mader turns holiday dreams into reality

Peter Mader with his family

Peter, what do you think sets the Feuerstein apart?

The Feuerstein is a very unique place where families can both slow down and restore their energy. It's also a place of special services and activities as well as wonderful premises. However, it's the staff that really turns the Feuerstein into such an extraordinary experience, into a place where you feel at home.

How important is nature to you?

It's where I best switch off after a busy workday. At the Feuerstein, we strive to

put nature first in all that we do, whether its in terms of sustainable construction or the activities being offered to our guests.

Which is your most favourite place at the Feuerstein?

The roof terrace of the adults-only spa area! This is where you are embraced by a very peaceful and soothing atmosphere whilst the surrounding mountain peaks seem close enough to touch. You can really sense the special energy of this place of power, escape the challenges of everyday life and just unwind.

“As a family hotel we are very aware of our responsibility. Therefore we strive to preserve nature, the source of our life, for the future of our children.” PETER MADER

Perceive, understand and respect. True to this motto, we take responsibility and are committed to sustainability. We are energy self-sufficient, almost plastic-free and favour regional products when cooking. Yet,

these are just a few of our endeavours at the Feuerstein. With us, you will enjoy a family holiday where sustainability is a priority. Even our youngest guests can experience this in our nature-orientated childcare.

WHERE NATURE AND DESIGN COME TOGETHER

INTERIOR DESIGN MEETS OUR LOVE FOR THE REGION

Bringing the outside in. Even our furnishings bear witness to our love for nature. By keeping it as natural as possible, the combination of warm wood, sophisticated silver quartzite and cosy loden results in a harmonious and elegant interplay of local resources.

DREAM AND UNWIND

This is where every family feels at ease – whether just in two or as a large family. Not only our double and family rooms, but also our suites and chalets impress with high-quality natural materials. In this way, everyone will find the perfect place for their very own top-class holiday.

Seeing the world
through the eyes
of a child

**Allow children to be children.
It's a given at the Feuerstein.
After all, letting the little ones
happily explore the world marks
the beginning of a wonderful
family holiday.**

Drawing on the philosophy of Maria Montessori children will enjoy lots of space to freely develop. We prioritise their personalities and needs when playing and having fun in and with

nature. “Help me to do it myself” – this is our motto! And sooner or later, the journey always leads to the fresh air of our mountains, after all, nature is the most beautiful playground on earth.

Whether we're indoors or outdoors, we play with whatever nature has to offer. We take the kids on a discovery trip through our vast garden or let them do crafts with leaves and pebbles – a playful way of experiencing sustainability at our childcare programme, where children are lovingly and authentically nurtured in their uniqueness.

*Savour nature up close
and with all of your
senses – this is what
children can experience
at the Feuerstein.*

SPARKLING EYES AT THE BABY AND INFANT CARE

...where everyone is beaming with joy. We are thrilled to hear babies and toddlers giggling with excitement. At our baby and infant care, a dedicated and professional team looks after the youngest ones aged 0 to 4 in a tender and age-specific atmosphere.

Playing and having fun

In our baby & mini room, curious little gnomes discover the world with high-quality wooden toys or, armed with a variety of sand toys, have fun in the polenta pit. Afterwards the cosy corner awaits them to dive into the exciting worlds of our books. An ideal combination of adventure and relaxation.

ADVENTURES FOR YOUNG NATURE LOVERS

It's time to enjoy nature, play and embark on adventures! Let's venture into hay hopping at the play barn! Or maybe build a dam by the river? Then there's the painting studio where little artists can paint on canvases. And if new friendships are made as well, the holiday turns into a truly memorable experience.

Meet & greet with
our mascot Flammi

Ready, set, go!

AND ACTION! THIS IS WHERE PARENTS STAY OUTSIDE

Even children aged 10 and above can enjoy our entertaining programme. How about a sports competition, climbing on the high ropes course or improving archery skills? An overnight stay in one of the mountain huts promises even more thrills.

CREATE UNFORGETTABLE MEMORIES THAT CONNECT

While everyday routine often leaves no space to savour life, we like to provide you with plenty of opportunities to relish the moment. Crafting together in the wood workshop, pottering a souvenir or setting of on a little quest for Flammi's treasure – as you can see, you will enjoy lots of unique and conscious experiences.

*Create wonderful things with mum and dad at your leisure.
Let your heart and hands take the lead and forget about
screen time. It's all about quality time with your family.*

A kingdom for children. At the Feuerstein, we not only consider children, instead they are the driving force. Our unique children's world features a whole universe to explore, such as

the big swimming pond with pirate's raft. Lovingly designed and inspired by nature, you'll find plenty of space for free play.

Aye, aye Captain!!
Full steam ahead aboard
the Pirate's raft

WHERE CHILDREN'S DREAMS COME TRUE

Let your wishes turn into reality. Every day there is something new to discover at our children's world: the wood workshop, the climbing wall, the mud room or the giant outdoor playground are just a few of the places where adventure is the order of the day. Our special tip: racing down the speed water slide provides tons of fun!

AMIDST BREATHTAK- ING ALPINE LANDSCAPES

A spa area that provides happiness. Spanning an area of 3,000 m², our Mountain Spa embodies the essence of well-being. Relax and unwind, enjoy a splash in one of the four pools, have a sweat in the family sauna or soak up some peace and quiet in the adults-only area.

The outdoor infinity pool, where you can almost touch the sky, is the perfect place to relax. If you are looking for more activity, you will love the action pool with its speed water slide while our youngest guests can enjoy the baby pool and didactic pool to experience water and try swimming for the first time. Feel the power of the water!

Pure relaxation with mum and dad – at the family spa of the Feuerstein. A place in which also children can catch a deep breath and abandon themselves to relaxation after an eventful and exciting day. Enjoy special moments as a family, visit the sauna, slip into your soft snuggly bathrobes and relish in precious time together.

A special highlight: our Snoezelen room provides a cosy atmosphere featuring family corners, gentle sounds and plays of light. A place to relax. A place where you feel like stepping into a dreamland. A place to cuddle and wind down.

At the Feuerstein, it's a breeze to enjoy
meals with consciously and regionally
sourced ingredients which are holisti-
cally processed and preserved.**

Our kitchen team creates culinary highlights by skilfully fusing the Mediterranean and Alpine cuisine. We place great emphasis on relying

on regional produce, which is why we source many products from local farmers in the Pflerschtal valley or even from our own garden.

*Culinary delights for the entire family:
It is also our desire to introduce our younger
guests to a responsible and healthy relationship
with food and nutrition.*

**DIVE INTO THE EXCLUSIVE
WORLD OF FINE WINES**

SOOTHING TO THE SOUL – FOR PEOPLE AND ANIMALS

Like many others, we truly love horses. This is why there are no less than 14 of these gentle companions at the equestrian centre of the Feuerstein – from small ponies to gorgeous horses.

Hi, I'm Belina.
I love hugs!

A trial session for our youngest guests, a riding lesson for experienced horse riders or a horseback ride across our picturesque valley provides horse enthusiasts to experience how being close to animals soothes the soul. At the same time, children are familiarised with a responsible interaction with animals and nature. By the way, thanks to our outdoor riding arena and the heated indoor riding hall, you can enjoy horse riding all year round.

Pony gelding Simba, Haflinger mare Belina, black gelding Shadow and their friends are eager to welcoming lots of visitors!

Alpacas, donkeys, sheep, chickens, rabbits and cats – there are a lot of furry friends, which are all part of the Feuerstein family and waiting to be cuddled at our farm.

Who's looking
so cute?

WHEN THE SUN KISSES YOUR SKIN

ENJOY THE FLOURISHING NATURE!

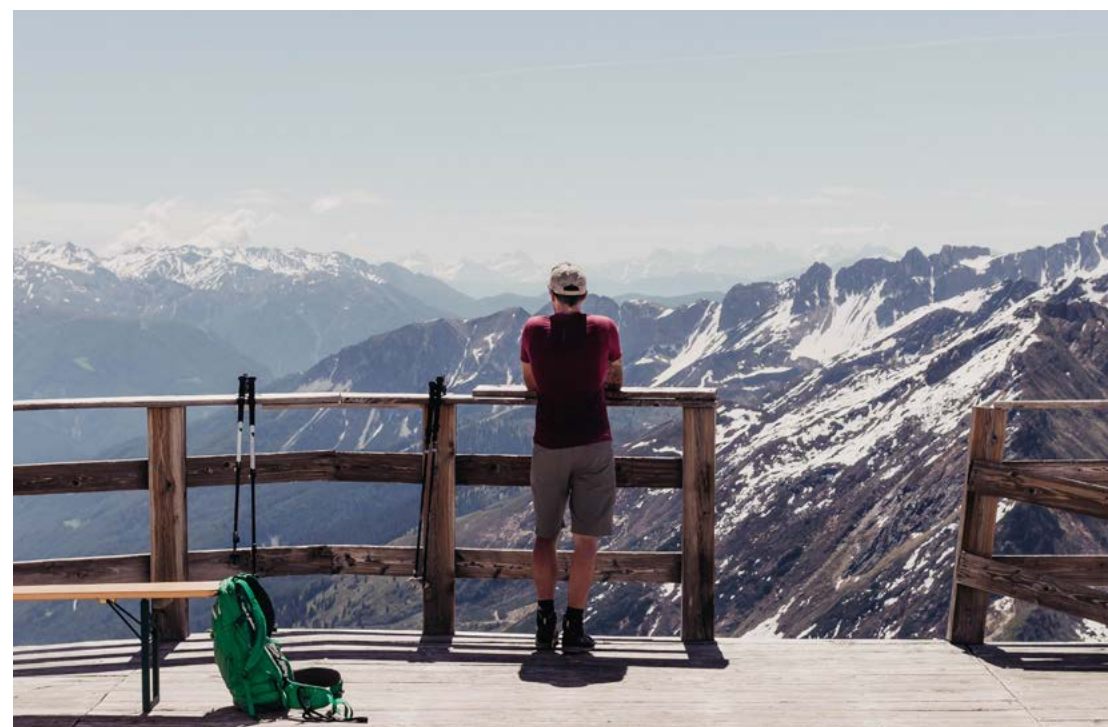

The warm season harbours a true outdoor wonderland for the entire family. While older children show off their skills at archery and chess, toddlers have a go at building the most beautiful castles in the sandpit. Afterwards, it's time for a pleasant walk that starts right in front of our hotel. And as soon as the stomach starts to rumble, the kids can enjoy baking stick bread to recharge their energies for a trip on the pirate's raft.

STUNNING LANDSCAPES AND INFINITE EXPANSES

The Pflerschtal valley is a true paradise for all enthusiasts of alpine sports. Those who love being active can discover a wealth of amazing trails for hiking and summit tours as well as climbing routes or mountain bike tracks.

Here, at the end of the valley, nature is as unspoilt as in former times and so, you might not meet another soul for hours and hours while hiking.

FAMILY TIME IN THE SNOW

**YOUR WINTER ADVENTURE
STARTS AT OUR DOORSTEP**

Slip into your snowsuit, open the door and... head into a world of snow fun in the spacious hotel garden! The little ones can experience their first attempts at skiing on the magic carpet, whizz down the toboggan run or turn pirouettes on the ice rink.

GLISTENING FORESTS AND SNOWY PEAKS

The unique location of our hotel leaves nothing to be desired when it comes to winter sports. Our immediate surroundings feature three ski areas as well as numerous toboggan runs, ski-tour trails and snowshoe hikes.

You will hardly find a more magical experience than the unequalled silence of a pristine snowy landscape. Enjoy the crisp mountain air and be at one with the nature around you.
