

PRECIOUS MOMENTS OF BLISS

HAND IN HAND, WE CREATE HOLIDAY DREAMS

In life, you need people with foresight and ideas. Peter Mader is such a visionary. True to his motto “things are born from action”, he is constantly bursting with new ideas. With the Feuerstein Nature Family Resort he successfully transformed a simple youth hostel into a modern, na-

ture-loving place of recreation for families from all over the world. His latest goal? Establishing the Feuerstein as the best family hotel in all of Europe. And, little by little, we are getting closer to achieving this goal. In the course of this adventure, we have even increased the range of projects

that are very close to our hearts. The high-quality LaMonte Premium Apartments in Pflersch as well as the exclusive LaMonte Bistro & Apartments in Kitzbühel testify to this. As you can see, standstill is not part of our nature. Let's make history together!

“The only place where you can feel at ease, is the place where you can unfold. Our holiday oases are one of these places. Here with us you can be completely yourself.”

Peter Mader

FEUERSTEIN NATURE FAMILY RESORT

**A PLACE OF POWER
FOR FAMILIES AT THE
HEART OF NATURE**

The Feuerstein at
the end of the
valley, in a unique
and secluded location

It is here, at the head of the Pflersch valley, where majestic alpine peaks rise high into the sky. Listen to the singing and chirping birds from the near spruce forest, the gentle chirping of crickets, the whistling of marmots and breathe in the lovely scent of meadow flowers and herbs. Can you hear the waterfall roaring in the background? This concert of nature, so rich in sounds and fragrances, can only be found at the Feuerstein.

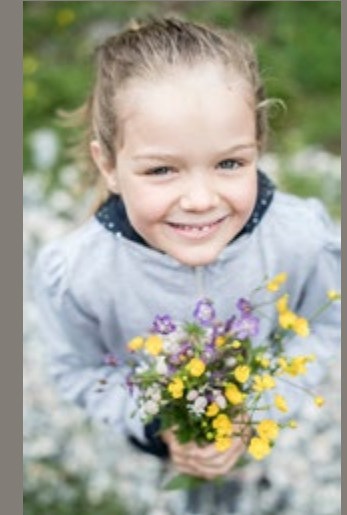

ALPINE LIVING TO RELAX, FEEL AT EASE AND DREAM

Do you know the scent of the forest? You can sense it in each of our rooms, suites and chalets! This is thanks to the furniture made of local wood. The simple and elegant upholstered furniture in wool and felt, dreamlike beds and ceiling-high glass fronts allow nature to effortlessly penetrate into the interior. Whether you are travelling by yourself with your child, as a couple with your offspring or as a patchwork family: we have the matching well-being room for every possible situation!

SUSTAINABILITY AT THE FEUERSTEIN

1. AS A SIGN OF GRATITUDE

Nature empowers and grounds us. This is why we strive to combine our expectations of comfort, design and service with sustainability.

2. OUR CLIMATE-FRIENDLY ENERGY SUPPLY

Heating with wood: we obtain our heat from our wood chip boiler which exclusively uses local wood – a truly CO2-neutral solution. We also produce 100% green electricity in our power plant by harnessing the power of water.

3. OUR HOLISTIC CONCEPT

We rely on using regional and seasonal products from local farmers in our kitchen, genuine natural cosmetics in our spa and focus on meaningful learning experiences in nature as well as on environmental education in our childcare program.

POWER TO THE CHILDREN!

Be it the first attempt at splashing around, the first hay battle or the first love: from babies and children to teenagers – everyone can develop freely here at the Feuerstein! Whether it's building sandcastles in the mudroom, experimenting with colours in the painting studio or playing pirates on the big pond, our qualified child carers are always by their side. Their expertise: empathy, patience and lots of creativity!

ADVENTURES FOR NATURE DETECTIVES

Nature is the most beautiful playground on earth. True to this motto, our young guests encounter unique adventures and meaningful outdoor activities. Our child carers act according to the philosophy of Maria Montessori – “children are guests who ask for directions” – and thereby focus on the children, their personalities and needs as well as on the free space they require to develop.

CHALLENGES FOR TEENS

Young adults like to compete and explore their limits. At the Feuerstein we allow them to challenge themselves in exciting sports competitions in the large sports arena, in climbing or table soccer. Of course, chilling with their peers, playing board games and sharing memes or Tik-Tok videos are not missed out!

PRECIOUS MOMENTS OF BLISS

In everyday life, there are some things that often miss out. It is not always easy to spend time with your children or partner. This is what the Feuerstein offers you! Enjoy the parent-child time and devote special attention to your offspring. We invite you and your children to have fun in the wood workshop or the painting studio, where creativity and craftsmanship are the main focus. Strengthen your parent-child relationship and become inseparable! Beyond that, the Feuerstein also offers to spend precious quality time together: during thrilling expeditions in the forest, while swimming and splashing around in our pools, playing football and other ball games or when riding a horse and feeding the animals. You are bound to discover your inner child again!

BRAND NEW – FROM MAY 2022:

Equestrian centre with riding hall and outdoor riding arena & petting zoo with goats, sheep, chickens and rabbits!

THE HAPPINESS OF THE EARTH LIES ON THE BACK OF THE HORSES

Riding a horse is not only fun but also stimulates the physical, mental, personal and social development of children and teens. Our riding centre offers trial lessons for the youngest ones, riding lessons for beginners and advanced equestrians as well as vaulting and cavaletti training. This also includes animal care and feeding in order to teach responsibility and the proper interaction with animals – all combined with lots of fun!

SWIMMING FUN FOR THE WHOLE FAMILY

Watch out, water bugs and mermaids: the Feuerstein awaits you with not one, but four pools. Your place to splash around, swim and dive! Starting with the Infinity Outdoor Pool and all the way to the Action Pool, Didactic Pool and Baby Pool. There is also a 100-metre long water slide that attracts you to dive into the pool at record speed and challenge the whole family to a race. Afterwards, if you want to relax for a while, we invite you to enjoy our Family Sauna with Snoezelen Room. Relaxing visuals and soft seating groups ensure moments of serenity.

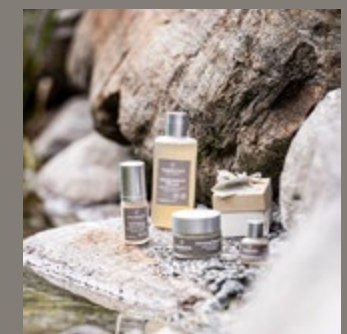

RELAXATION FOR PARENTS & GRANDPARENTS

Once in a while, being alone with your thoughts or with your partner is exactly what you need. Our Adults Only wellness area is designed for this. The area extends over three floors and features a roof terrace with whirlpool. In addition, we also offer yoga and fitness classes.

NATURE IN BOTTLES

The power of nature – we caught it, compressed it and poured it into our brand new natural cosmetics line. And the result: sustainable beauty products for long-lasting care.
